GHBVS-F-S SERIES

Experience seamless garden hose connectivity with the GHBVS-F-S Series Slip Connector! Crafted from durable ABS material, this reliable fitting is designed for effortless slip connection, ensuring a secure and hassle-free setup. Available with **650 or 850 sockets**, it delivers the perfect fit for your watering needs. Whether you're upgrading your system or making quick adjustments, this slip connector guarantees long-lasting performance and convenience.

SKU	Description
GHBS-650	Garden hose by .650 slip

5114S SERIES

The 5114S Series is a durable and efficient dual garden hose shutoff swivel, designed for smooth water control. Crafted with a sturdy ABS body, ball, and handle, it ensures reliable performance. The shutoff features a zinc-plated steel screw and a high-quality Buna-N seal for enhanced durability. Designed to accommodate city water pressure up to a maximum of 80 psi, it allows seamless water flow from female to male connections.

5114NS SERIES

The 5114NS Series is a durable, non-swiveling dual shutoff designed for garden hose applications. Built with a non-corrosive plastic body, ball, and handle, it ensures long-lasting performance. This shutoff features a zinc-plated steel screw and a Buna-N seal, offering reliable functionality. It allows flow from female to male and is designed to withstand city water pressure up to a maximum of 80 psi. Please note that this valve does not swivel.
